### ARTIST'S BIOGRAPHY:

# Hugo Frones

Hugo Frones was born in Uruguay in 1950 and immigrated to Canada in 1975. He is a self-taught artist living in Toronto. His work has been shown in Canada, Spain, Uruguay, Argentina and San Francisco.

*"I have been working since the late 80's to the present under the influence of abstract expressionism, and despite a complex formal relationships in my works, the overall tone of my paintings is intuitive rather than cerebral and organized. When working on the canvases, I feel a particularly poetic intelligence working through me. Within a concise vocabulary of visual elements I approach each painting with an intuitive sense of where I want to go and how I will get there. I sense when the work is right and when a series of paintings is finished. Also the scale of my work is sensed intuitively to keep it small or let it go large.*

*Working with acrylic paint on canvas, I am very fond of warm colours, Mediterranean atmosphere and spontaneous and intuitive brushstrokes of bold paint that give the work its final touch. It is difficult to tell more about a process that is so intuitive and spontaneous, so, I invite the viewer to consider these comments and let the work speak for itself."*
